WAY OF
IRONING**

LAURASTAR LIFT +

 **SWISS** TECHNOLOGY | DESIGN

LAURASTAR LIFT +

SWISS TECHNOLOGY | DESIGN

FREEDOM IS YOURS!

Compact and light, Laurastar Lift is the first steam generator with a handle that lets you take it everywhere, from the ironing board to the clothes hanger. It is as effective for a final touch on a hanging garment as for ironing a shirt on the board itself.

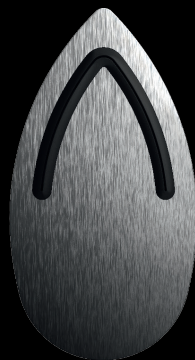

DON'T WAIT ANY LONGER!

Laurastar Lift is ready to use in just 3 minutes so you can wear your beautifully ironed shirt in no time. It automatically turns off after ten minutes of non-use.

PULSE STEAM

Pulse steam, the latest Laurastar innovation, is diffused in short intermittent pulses, guaranteeing optimal distribution and perfect results regardless of the material or colour of your clothes.

3D ACTIVE SOLEPLATE

Patented by Laurastar

Steam is diffused evenly eliminating creases in a single movement, and fibres are completely refreshed so your clothes stay beautiful for longer.

PROFESSIONAL IRON

Laurastar's exclusive professional soleplate diffuses an ultra-fine yet powerful steam that adapts to all fabrics and enables vertical steaming. Its rounded shape helps to prevent unwanted creases.

ULTIMATE BLACK

06 SMART FEATURES

- 1 Easy to carry handle
- 2 Secure compartment for the iron
- 3 Steam cord storage
- 4 Removable water tank (approx. 1.1 L / 37.20 oz.)
